

VOLUNTEER APPLICATION

Gleason Public Library

Thank you for your interest in volunteering at the Gleason Public Library.

Volunteers are expected to act in accordance with library policies and to reflect positive customer service attitudes to all patrons. We at the Gleason believe our volunteers are valuable and wonderful people and will do our best to make sure their experiences are meaningful and enjoyable.

At this time, we will consider students going into the 9th grade for regular volunteering. All students under this age can apply for special projects or work with a parent/guardian.

Please answer the following questions regarding your volunteer interest. A staff person will be in touch to arrange an interview time.
